Cenegenics Physician Opportunities Summary

Cenegenics® Medical Institute offers physicians a challenging and rewarding opportunity in the private-pay sector with several options to suit their professional goals.

Each physician opportunity helps patients attain the proactive, preventive care they need to achieve optimal health—and creates a promising addition or alternative to your current medical practice.

As you work toward completing your Cenegenics certification in age management medicine (AMM), consider which of these five positions best mirrors your objectives:

1. **Cenegenics Practice Development Physician** – Las Vegas, no NV medical license required
2. **Cenegenics Clinical Physician** – several locations, applicable medical license required
3. **Cenegenics Partner Centers** – many locations, applicable medical license required
4. **Cenegenics Partner Track Centers** – many locations, applicable medical license required
5. **Cenegenics Affiliate Practices** – part- or full-time, physician owned/clinical care practice
   - 5.1 – Network Affiliate Model
   - 5.2 – Advertising Affiliate Model

Cenegenics is committed to supporting your decision with an intense training and certification program, advanced theory courses, online resources, a proven business model and successful marketing strategies.

**General Training & Certification Information**

AMM training/certification is required for each position. Training fees are paid to our nonprofit Cenegenics Education and Research Foundation (CERF), which funds our research with the University of Miami - Miller School of Medicine and educational resident rotational programs with the University of Nevada, Las Vegas.

Also, the cost of your CME and related travel is a deductible business expense if it meets the IRS requirements under Qualifying Work-Related Education. Please consult with your tax advisor to determine whether you are eligible for this deduction.

Physician Opportunities For Your Consideration

(1) Cenegenics Practice Development Physician - Full Time In Las Vegas

Requirements: You must complete Part 1 & Part 2 of Physician Training & Certification in Age Management Medicine. You must relocate to Las Vegas, working at our facility. There are no call, no evenings, no weekends, no malpractice insurance and no state licensing since you do not see clinical patients.

This is a high-profile position. You must personally participate in the Cenegenics program—maintaining a healthy lifestyle reflective of the AMM image.

All of your time will be focused marketing to potential patients handling Executive Health Evaluation sales for all Cenegenics centers—which means you must enjoy being on the phone, receiving tremendous satisfaction from listening to patients’ issues and presenting the many benefits of participating in the Cenegenics program.

Investment: No financial investment is required because you will be an independent contractor. Cenegenics pays 100% of the advertising costs. However, this position is a full-time commitment—with you creating your own schedule, allowing for 40+ hours per week.

Compensation: In this position, you are educating patients on how to be proactive with their health, introducing them to our Executive Health Evaluation and guiding them to our various Cenegenics centers. As a result, you are compensated accordingly, creating an income potential of $250,000 to 500,000 annually.

Note: Equity ownership opportunities in new centers may be available after one year.

(2) Cenegenics Clinical Physician – Several Locations

Requirements: You must complete Part 1 & Part 2 of Physician Training & Certification in Age Management Medicine. There are no call, no evenings and no weekends—however, you must be licensed in the state and obtain malpractice insurance since you’ll be involved with clinical work. Additionally, you must personally participate in the Cenegenics program—maintaining a healthy lifestyle reflective of the AMM image.

Investment: No financial investment is required because you will be an independent contractor. Cenegenics pays 100% of the advertising costs. However, this position is a full-time commitment—with you creating your own schedule, allowing for 40+ hours per week.

Compensation: Your income potential would be between $250,000 and $350,000 annually.

Please note: opportunities, requirements, investment & compensation subject to change
(3) Cenegenics Partner Centers – Many Locations

Requirements: You must complete Part 1 & Part 2 of Physician Training & Certification in Age Management Medicine prior to becoming a partner track center. Additionally, you must be licensed in the state where you practice, obtain malpractice insurance—and personally participate in the Cenegenics program—maintaining a healthy lifestyle reflective of the AMM image.

Equally important is the relationship developed between you and Cenegenics. Since we will be professionally committed to each other, it is imperative our goals, approach, business ethics and medical stance are parallel—and that our personalities create a successful environment. Living a healthy lifestyle reflective of our AMM philosophy is also paramount to our joint success. Our physician partners have an exclusive area and are committed to a full-time AMM practice.

You must have 150 active patients or have been a Practice Development Physician in Las Vegas for one year to qualify.

Investment: A commitment to becoming a Cenegenics partner and building an AMM center requires an estimated $500,000 - $1,500,000, depending on the size of your market and the operating costs in your market. Ownership per physician factored on patient base size and capital infused. Advertising expense rests 100% on partner center.

Compensation: Approximately $250,000 to $500,000 annually per physician in addition to the profit distributions estimated at $1.5 million annually within 5 years—70% to physicians (1 to 4)/30% to Cenegenics.

(4) Cenegenics Partner Track Centers – Many Locations

Requirements: You must complete Part 1 & Part 2 of Physician Training & Certification in Age Management Medicine prior to joining our Physician Partner Program track. Additionally, you must be licensed in the state where you practice, obtain malpractice insurance—and personally participate in the Cenegenics program—maintaining a healthy lifestyle reflective of the AMM image.

Equally important is the relationship developed between you and Cenegenics. Since we will be professionally committed to each other, it is imperative our goals, approach, business ethics and medical stance are parallel—and that our personalities create a successful environment. Living a healthy lifestyle reflective of our AMM philosophy also is paramount to our joint success. Our physician partners have an exclusive area, are committed to a full-time AMM practice and are required to open an interim center.

Investment: A commitment to becoming a Cenegenics partner track center and building an AMM center requires an estimated $125,000 and a 1,500 – 3,000 square-foot facility. This is a physician-owned center (1 to 4 full-time physicians). The advertising budget, up to $20,000 monthly, is split 50/50 between Cenegenics and the physician.

Compensation: Profit varies, based on demographics, advertising budget and physician time commitment.

Please note: opportunities, requirements, investment & compensation subject to change
(5) Cenegenics Physician Affiliate – Part-Time or Full-Time

**Requirements:** You must complete Part 1 & Part 2 of *Physician Training & Certification in Age Management Medicine* prior to joining our Physician Affiliate Program. Additionally, you must be licensed in the state where you practice, obtain malpractice insurance and personally participate in the Cenegenics program—maintaining a healthy lifestyle reflective of the AMM image.

**Investment:** This physician-owned/clinical care practice has a minimal capital investment, but an investment of *time* is required. An existing or shared space may be used to build the AMM practice.

**Compensation:** Profit varies based on demographics, advertising model and physician time commitment. The advertising model is based on the demographic analysis, physician’s commitment of time and the market. Cenegenics will support a Network Advertising Model and possibly a 50/50 co-op Advertising Model if the demographics, market and time commitment support the 50/50 co-op Advertising Model.
